Official Diary

Sunday, 8 March 1953

25X1A9a

1. Met with [REDACTED] house, for three hours, to rehash 39 in the light of the discussions of yesterday. [REDACTED] undertook to do an expanded draft so as to cover all points omitted by the existing draft.

25X1A9a

2. Discussed the question of numbering NIEs and found AD/NE prepared to consider a complete revision of the system, say after NIE-100. An attempt will be made to devise a decimal type system so that there will be a coherent relationship between numbers and areas or problems. AD/NE also undertook to effect liaison with the NSC Secretariat to see if a common system could not be devised covering both NSC papers and NIEs.
